

EXPRESSION OF INTEREST – PARKLET FOR MAIN STREET, CROOKWELL

Parklet Installation Opportunity for Businesses in Crookwell

The Crookwell Parklet is designed to create a vibrant, engaging outdoor space for businesses, visitors and the community. Council seek to activate the main street by converting a parking space into a pedestrian-friendly zone, offering seating and greenery. The Parklet will be installed for a designated period, giving businesses the opportunity to enhance their outdoor environment and attract more customers.

This initiative aims to increase foot traffic, enhance the streetscape, and provide a space for people to relax and enjoy the local area. Parklets which will be open for use by all visitors and the community can be an excellent way for businesses to engage with the community, encourage longer visits, and create a welcoming atmosphere in front of their premises.

Expression of Interest (EOI) Form for Parklet Installation

We invite you to submit your Expression of Interest for the installation of a parklet in front of your business. Please complete the form below to share why this opportunity would benefit your business.
